

SPELLING BEE

Colegio San Fernando
de Buin Oriente

Students from 1st to 8th were the ones who, last Monday, October 23rd, participated in our first internal Spelling Bee contest. They prepared themselves by studying a vocabulary of 35 words from 1st to 4th graders and 70 words for the students from 5th to 8th graders.

We were very excited and surprised to learn about this great ability to memorize and demonstrate the ability to spell words in another language. Those who visited this activity were able to live this pleasant experience.
